# Lytle Police Dept. September 2025

## New Police Vehicles

Three new police vehicles were added to the fleet, and we picked them up in Kansas. Two are Ford Interceptor SUVs and were pre-built with most of the equipment. They still need radios, camera system, radar, and graphics installed. The P/U will need a complete upfit. It will be designed more as an administrator/investigator unit. They will be coming online in the next couple of months as we receive the required equipment and have it installed.
